About this property

This is a residential complex in Torrevieja that complies with all current building and safety regulations. The homes are designed with high-quality materials and finishes, ensuring comfort, functionality and structural integrity. The construction includes reinforced concrete foundations and structure, with thermal and acoustic insulation for an optimal environment.OUTDOOR AREASThe exterior cladding is made of brick with an air chamber and thermal and acoustic insulation. The façade combines single-layer cladding and decorative areas in natural stone. The windows are PVC with Climalit double...
