About this property

This exclusive new villa, designed to blend harmoniously with the natural surroundings, sits on a plot of 1,017 m² and combines luxury, technology and avant-garde design. Its structure of concrete platforms and wooden pergolas flows with the natural slope of the land, creating a living space that maximises panoramic views and connection with the outdoors. With a built area of 654 m², the villa offers a modern and comfortable living experience, just minutes from the beaches and surrounded by the stunning scenery of Benissa, a town known for its rich history and stunning coastline.OUTDOOR...
